

There are limitations from different browsers compatibility when compared with IE with regards to SharePoint. This is the main reason we ask users to use IE as their main browser while using SharePoint in most of the scenarios. If using Chrome is your only option please following the steps below to install IE extension for Chrome.

Step 1 : Open Chrome and copy and paste the following link in the URL window and hit 'Enter'

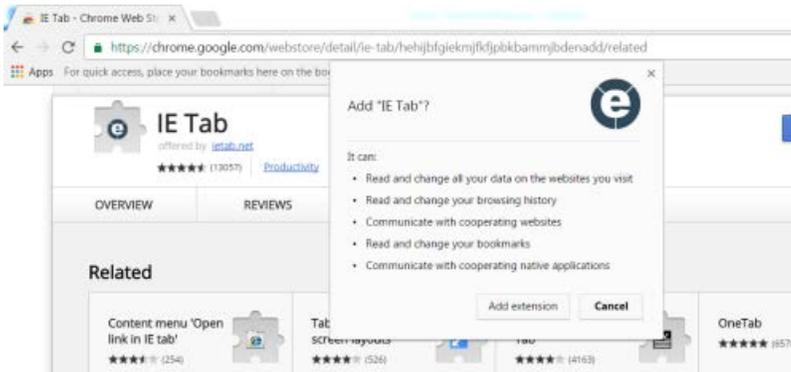

<https://chrome.google.com/webstore/detail/ie-tab/hehijbfgiekmjfkfjpbkbammjbdenadd/related>

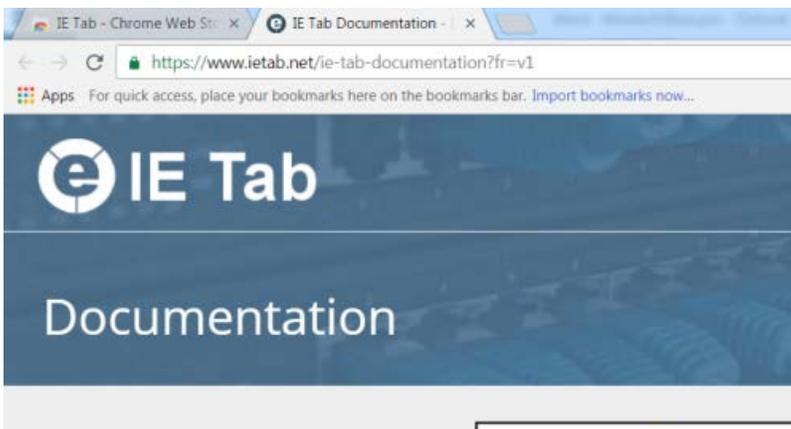

Step 2 : The IE Tab dialog box will be displayed. Click the 'ADD TO CHROME' button displayed at the top right hand corner.

Step 3 : The 'Add "IE Tab"?' dialog box will be displayed. You will click the 'Add extension' button.

Step 4 : In most situation when you click the 'Add extension' button an additional tab(page) will be display. This tab(page) can be closed. Here is a sample of the page.

Step 5 : Locate this button at the end of the Chrome URL box. Click this button. The following page will be displayed. Follow the two steps as shown below.

One-time installation steps

[What? Why? Frequently Asked Questions](#)

(Enterprise customers: Contact us at support@ietab.net for automatic deployment options.)

Step 1
Click on the ietabhelper.exe below the flashing arrow to launch the IE Tab Helper installer.

Step 2
Click on "Run" to run the helper installer.

Step 6 : After the installation a 'IE extension' bar will appear at the top of your screen. If you don't see this bar click the  icon.

Step 7 : Using the IE url window copy and paste the appropriate PennDOT SharePoint link. For Multimodal Transportation Funding use <https://spportal.dot.pa.gov/Planning/AppReg/MTF/Pages/default.aspx> The SharePoint page and application will now display without errors.
