MPMS Release 2016_3 – May 17, 2016

Reports

The **Inverse Let** and **Publish Schedule** reports have been converted to the web and has been renamed **LET003**.

HWY087 – This report has been created and displays the number of days a project has been authorized without advertisement.

TAP Module

An interface has been established with ECMS and ROW office in order to automatically populate the Right of Way Clearance and Let actual dates.

****MPMS Release 2016_4 Sneak Peak****

The 4232 system will be converted to the web and accessible through the MPMS system!

Next Release Dates: April 12, 2016 (mini-release)
