

Reports to Monitor TIP Development

TIP010: Phases on Planned TIP with Estimated Costs Discrepancy.

Displays phases that are on the Planned TIP whose estimated costs are less than the amount of the phase's programmed plus committed costs.

TIP015: Phases on Adopted TIP with Estimated Costs Discrepancy.

Displays phases that are on the Adopted TIP whose estimated costs do not equal the amount of the phase's programmed costs (plus previously committed costs).

TIP020: Phases on Planned TIP with subsequent Federal Obligations.

Shows project/phases on either the Planned or Adopted TIP for a district whose TIP amounts exceed the phase estimates.

TIP030: Possible Carryover Projects.

Displays financial data for all projects on an Adopted TIP providing information useful in the process of determining if a project should be carried over to the Planned TIP.

TIP200: TIP Costs by Year/Fund.

TIP Costs by Year/Fund (Showing Federal, State, and Local).

TIP310: Current phases, previous phases and beyond.

Displays all phases on the TIP and any preceding phases with obligations and encumbrances and allows user to show dollars beyond the last year of the TIP.

TYP800: Compare 2nd and 3rd periods of Adopted and Planned TYP.

Compares 2nd and 3rd periods of Adopted and Planned TYP - displayed by Planning partner.

AC Obligated (Crystal Report).

Displays what is on current TYP and what is advance obligated. Also shows whether it is on the current or planned TYP.
